

LET'S TEAM UP TO STOP CRIME!

The Hanover Chamber of Commerce has continuously been in conversation with some affected businesses and Hanover County Sheriff's Office (HCSO) about recent crimes and want to help increase local security within the Hanover Airpark.

THE SOLUTION NEEDS BE A COMMUNITY EFFORT!

The Airpark Division, including both chamber members and non-members, has agreed to coordinate the installation and payments for a security program, but we need **YOUR SUPPORT** to sustain the technology year-after-year.

Flock Cameras Have Arrived

In December 2022, the Airpark Committee voted to have Flock Cameras installed. The Flock subscription provides a maintenance free service, software, data, cloud storage, and license plate monitoring (via HCSO and other law enforcement jurisdictions). In March 2023, three cameras were installed and started supporting data. This is an option for our local law enforcement to utilize if crime does occur, but also deter crime in the Airpark.

Help Us Reach Our Annual Goal Keep **YOUR BUSINESS & OUR COMMUNITY** Safe!

The Hanover Airpark is home to over 350 thriving businesses. To cover first year costs for three cameras located at the major entrances of the airpark, we need to raise \$10,500. The subscription cost for subsequent years is \$9,400*.

Thank you to the businesses who have contributed to the Airpark Division Security Fund thus far in 2023:

Howell's Heating and Air • Machine Specialties • Regency V, Ltd.
Pixel Factory Data Center • Richweb, Inc. • Son Metal Fab

Can You Help? Reach Our Goal, Cut Down Crime

If every business donates \$35 per year **x** Estimated 350 businesses in the Hanover Airpark **=**

Goal Achieved with \$12,250

\$10,500 (first year subscription price)

\$9,400 (price in years to follow)*
